Hey everyone:)

1. INTRODUCTION:

My name is Martin, I am currently 22 years old guy from

Slovakia. I have always been passionate about the game, grinding zynga poker :D, but given the fact that my country is so small (5.5mil) it was kinda hard to start playing "professionally" since you need someone who shows you the fundamentals (even the forum like this is almost impossible to find for a recreational). However, I got lucky since friend of mine (from chess which I was playing for almost 7yrs) introduced me to online poker for real money as well as my first poker forum where I have registered - pokerstrategy.

I was totally overwhelmed, excited.. when I saw some beginner strategies (not limping preflop, regggs tags, nits, lags type of players..) esp. when I looked at play money poker and there were all recreational doing those wrong things, so I could test it and see if it works.. Surprisingly it worked really well!

I literally spent 2

months prob like 4h+ a day on that forum, reading articles, watching videos.. basically trying to grasp the fundamentals and to be well prepared for the real money games. Its hard to describe, but I was incredibly motivated.. (it was actually during summer holidays 2024)

I still remember the amount of excitement when I first time opened the pokerstars real money tables... the main obstacle I had was my secondary grammar school (since I was attending one of the best ones in my country) so it took me a decent amount of time and I also have had lot of different activities going on.

I have been

playing poker for 3 years (mostly 6max cash game), but have had some breaks, because of school, friends, my free time activities etc etc. Currently playing n150 6max on pokerstars/gg. I used to dream to become a poker pro, so I hope that one day, my dream come true! Thats why I decided to go to uni only for students benefits, so I have got "gap year" as a trial to see whether I am able to make it as a poker pro, but also if this is something which is really fulfilling me.. That said, if after this year I wont be able to make it as a pro or I will find that poker isnt the way to go, I will go to

the uni next year and study either math or psychology+statistics.

My approach to poker

as some of you might have seen on this forum is highly exploitative.. I was inspired by Nick Howard and his free youtube content. His approach really resonates with me esp. because I think there are very few coaches who are talking about that stuff (if you know someone else, please let me know:)

Besides technical part, I am also trying to

work on my mental game, I believe I can gain additional edge at the tables by meditating, exercising, having a cold shower, eating healthy stuff.. For me, its really important to listen to people who I regard as successful and trying to take from them good habits, because I think those rooted habits makes them better than the others bottom 80%

I am more of a sport type person enjoy being around people and having a lot of fun! However, currently due to lockdown in my country, I am forced to exercise only at home and meeting most of my friends just online, but still its better than nothing:)

Outside of poker, I am currently in 3-year leadership program (Nexteria).

Which is really cool, since its pretty hard to get there and I found the community being so great, esp. because people out there really wants to become better as a person. The vision of that non-profit organization is to have competent and fair people on important positions in Slovakia

My life philosophy is basically enjoying life at any

given moment, because life is too short.. thats why you would see me smiling most of the time:)

PURPOSE

keep myself accountable

inspire some (microgrinders) that its

possible to get there

DAILY GOALS

some sort of exercise

meditation

intentions and

gratefulness (I have a notebook where I write on a daily basis my intentions and few things for which I am grateful)

book reading (currently reading 12 rules for life by

J.Peterson)

morning cold shower

checking out my vision

FOCUS

thinking in terms of

ranges in every single spot

trying to enjoy the process of learning and playing as much

as possible

HOBBYS

chess

table soccer

football

swimming in cold water

walking

math /

logical problems

table games

I will be updating this journal on a weekly basis, trying

to bring at least one thing which I have learned/wanna share with you
sorry for my
English and grammar mistakes, I am far from being a native speaker:)
Enjoy reading! :)

A totalidade do eclipse solar já passou, mas os observadores do céu têm motivos para continuar
a olhar para cima - uma chuva de meteoros atingirá o pico esta semana logo antes de uma lua
cheia subir.

A lua brilhante poderá roubar parte do alvoroço das Lyridas, mas os especialistas têm algumas
dicas sobre como ver o melhor o espetáculo celeste.

A chuva de meteoros Lyrid atingirá o pico na noite de domingo ao final da manhã de segunda-
feira, de acordo com a Sociedade Americana de Meteoros.

E a lua cheia do mês de abril, também conhecida como lua rosa, alcança o ápice de baixar app
do sportingbet fase cheia às 7:49 pm (hora do leste dos EUA) na terça-feira.

Durante o pico da chuva de meteoros Lyrid, os espectadores normalmente avistam até 18
meteoros por hora, mas este ano a brilhante lua interferirá na observação de meteoros fracos. A
chuva será mais visível às pessoas no Hemisfério Norte, explicou Ashley King, pesquisador de
ciências planetárias pós-doutorando no Museu de História Natural de Londres. O radiante das
Lyridas, ou o ponto de onde os meteoros aparecem para originar-se, não se elevará o suficiente
no céu noturno do Hemisfério Sul para taxas de meteoros altas serem vistas, ele acrescentou.

Os noctívagos que pretendem observar o Lyrid devem deixar que seus olhos se acostumem ao
escuro ficando lá fora pelo menos 10 a 15 minutos antes de tentar avistar um meteoro, adicionou
King.

Como os meteoros podem aparecer baixar app do sportingbet todo o céu, os especialistas não
recomendam o uso de um telescópio ou binoculares devido aos seus pequenos campos de
visão, de acordo com a NASA.

"A melhor hora para sair (para ver um meteoro) é no final da madrugada, antes do sol nascer",
disse King. "Se conseguir estar baixar app do sportingbet um lugar escuro e, possivelmente, alto,
para ver grande parte do céu, é ideal."

As Líridas não são conhecidas por serem as mais rápidas ou as mais brilhantes chuvas de meteoros, mas a chuva ainda pode fornecer um espetáculo de luz celeste memorável - e há sempre a chance de surpresas.

"Nunca se sabe exatamente o que se vai ver, e ver um meteoro é uma maneira muito legal de ver o que está acontecendo e ver que o sistema solar está ativo", disse King.

"De certa forma, (ver um meteoro) você está olhando para... alguns dos materiais mais antigos que se formaram no sistema solar."

A lua rosa será visível a todos no mundo, pois a lua cheia do nosso satélite natural parecerá estar cheia por alguns dias.
