High Stakes Poker

In recent days, regulars and amateurs have been actively sorting

things out at the R\$500/\$1,000 tables, not only in 4 Hold'em, but also in PLO.

After our

last review, its main character EEE- spent several more sessions at expensive stakes.

However, the 4 regulars played the biggest pot without his participation. It was analyzed in detail by Misha Inner in our Big Banks 4 YouTube show.

EEE- played a long

session on two tables at once on July 17, and after a bad start, he 4 managed to win a small profit. In one of the first hands, Stanislau Melhui had a full house against his 4 nut flush.

But then EEE- took convincing revenge when Stanislav shoved on the turn drawing dead.

Player Interview Borntotilt: Hold'em and Omaha 4 are interchangeable Read In an interview with Alexander Yelensky, the famous Belarusian high roller spoke about the transition to Omaha, 4 remembered the most uncomfortable opponents, and explained why he changed regwars to a careful selection. Read

EEE- also got on the 4 nerves of other

regulars. One of his victims was Tobias Duthweiler, who recently finished second in theR\$200,000 Luxon Invitational at 4 the Triton Series in Cyprus.

Viktor Kudinov fell

into the trap with an overpair on the flop.

Sometimes EEE- made daring 4-bet 4 calls and

flopped the nuts, helped him earn a win.

But the regulars did not always succeed.

Estonian Prlit Parmasto defended 4 the BB and seemed to hit the perfect flop...

However.

all these successes were local. The overall high-stakes results for EEE- 4 in the past month are impressive:

The most profitable players for the same period:

The Chinese-tiger, who is 3rd on 4 the winning list, only

appeared at the expensive tables last week.

His first day at the high stakes saw a

1,000 4 blind pot.

However, there is a suspicion that this player is not quite a newcomer to high stakes.

 Chineses-tiger is most 4 likely a new crazy trader account (you can call him a high-stakes legend for GGPoker, there were active games with 4 him in 2024), Avr0ra suggested.

4.9 GGPoker is a Hold'em and Omaha focused site on the Good Game

Network. Offering a 4 broad range of playing formats such as Randomised Sit & Gos, All-in or Fold, and 6+ Short Deck as well 4 as fast cash games, and a plethora of tournament series including: GGMasters, Multi Millions and Bounty Hunters.

Overview of GGPoker

Registration

Crazytrader 4 first appeared at the tables in August 2024. In July 2024,

Crazygamble caused a stir, but his time at expensive 4 stakes was very fleeting. And now,

by a strange coincidence, at about the same time, Chinese-tiger has arrived. In the history 4 of his nickname, it is clear that he took a new nickname on July 18, just on that day he 4 sat down at expensive tables for the first time.

Moreover, he carried out

the name change right in the middle of 4 the action. Under the old nickname, he even managed to play 3-max with Kevin Paque and Enlight.

In one of the 4 hands, Enlight spent

two minutes of the timebank on the river, which, by his own admission, he had not done 4 for a very long time.

Full tables under the "Chinese Tiger" are collected with

difficulty. Apparently, the stakes are too high 4 by the standards of modern online. In 2024, Crazytrader faced a similar problem, but then some variety arose thanks to 4 MTT regulars – Stephen Chidwick, Michael Addamo, Sam Greenwood, and even Ali Imsirovic managed to play with him.

This time Chinese-tiger 4 also tried to collect full tables.

Chinese-tiger: Nobody else?

Viktor Kudinov: Looks like it. Linus Loeliger: I'll

call Viktor, he's probably still asleep.

Waking 4 up, Viktor Malinovsky tried to invite

one of the MTT players.

W Malinowski: Trying to get through to Addamo.

W Malinowski: We

4 need one more person for straddle, it's more fun

Chinese-tiger: Yes, this fish will

definitely be fun.

W Malinowski: Haha, don't bully 4 Michael, he plays with his

heart!

Curiously, in the chat, Chinese-tiger writes in hieroglyphs, which is rather strange if this is 4 really a crazy trader. It is known that the Frenchman Gilles Mauryan played under this nickname.

In any case, thanks to 4 the translator built into the

client, everyone understands it perfectly.

In search of action, Tiger sometimes goes to

PLO, and there 4 is a full table after all.

On July 23, he actually had to spend some

time alone onR\$500/\$1,000.

Makeboifin decided to brighten 4 up his leisure time and

eventually managed to collect five players.

Almost all the biggest pots of the session

went to 4 the regulars. Against the Finnish high roller, Chinese-tiger confidently placed three barrels in a bluff.

And against Viktor Malinowski, he was 4 dealt a 300bb cooler preflop.

Stanislav Melhui chose the check-call tactics on all streets.

Tiger won his

biggest pot back in heads-up, 4 and for this, he had to catch a set. True, at the

showdown it turned out that one four would 4 be enough.

And in one of the hands, Tiger

got the thinnest value on the river.

In two more six-figure pots, Chinese-tiger 4 acted

as an observer.

In the next session, Chinese-tiger was forced to play heads-up with

Linus Loeliger.

Linus rebuyed and doubled up 4 almost immediately.

The session lasted

about an hour, but no one else showed interest in hold'em, and the Tiger went to 4 PLO.

There, too, not the easiest opponent was waiting for him.

They didn't have to be bored

for long.

Laszlo made aR\$9,000 4 preflop raise, called aR\$13,000 bet on the flop,

check-shoved on the turn, and was instantly called. River blank.

Chinese-tiger rallied

toR\$500,000, 4 then dropped toR\$300,000 and left the table. At the end of a busy day, he managed to play several hands 4 of short deck with Katya\_18.

Chinese-tiger started his

last session at the moment with PLO.

At first, he did well against Laszlo 4 Bujtas.

Then

Andre Santos won a huge pot with four players all-in on the flop. Surprisingly, the hand that won was 4 the favorite.

Timofey Kuznetsov joined the game for a short time.

The

session ended with this hand of Tiger against Stanislav Melhui, 4 in which the latter did not tempt fate and took a cashout.

Over the past few days, another Chinese high roller

4 with an optimistic nickname BTC200K-FORSURE has played a lot of low stakes PLO. In one of the biggest hands, Omaha4rollz 4 suffered yet again.

In the lastR\$200/\$400/\$800

session, two players had stacks overR\$700k, and Chinese-tiger had over 500k.

This time,

the amateurs left 4 with a decent win, but were not delighted with the pace of the professionals' game. In any case, the current 4 results practically guarantee that the confrontation will continue in the near future.
