22BET Desktop Site

One of the newer sites

in the online betting market, 22BET has become regarded as a successful online gambling site. It has lots to offer its customers and that includes a fantastic welcome offer.

You can click here to find out just how good it is and you'll be minutes away from receiving a 100% matched bonus up to a maximum €122 when you use the code SPORTY. The

site is operated by TonyBet who are a company that was launched in Estonia. They offer their customers a good selection of betting opportunities available throughout the day.

Their in-play section could be a bit better populated but there's still plenty to make a visit to the site well worthwhile. If you do want to become a member and we suggest that's a great idea, use the links on this page to sign-up with the site and take advantage of their welcome offer.

As well as a sportsbook, the 22BET site has an online casino and also the chance to play in their impressive looking online casino too. As you can see therefore, there are plenty of reasons why you should be considering becoming a 22BET site member.

22BET's home page makes it immediately clear that there are a wide variety of betting options available to its members on the site. The site is well laid out, displaying the variety of different events that you can be placing bets on. Navigation isn't a difficult task on this website.

Down the left-hand side of the

page, you can see the main events that you can place bets on. These include the Premier League and top tennis tournaments. If, for example, there are Champions League taking place that week, there will be a quick link to those matches. Underneath the list of top events are the sports that you can place bets on and in brackets the number you can

bet on.

In the centre of the home page are details of upcoming matches that are due to start soon. This is helpful because with so much going on, it's easy to just forget about something. There's also the ability to click on the events taking place in the next hour, two hours, four hours and eight hours as well as a list of today's full events and those taking place the next day. All very helpful indeed as you plan your betting lists.

You can also click on a link that takes you to the in-play section. This shows the current games that you can be betting on as they happen. At the top, there's a bar that shows the number of in-play games for each sport. Take a look at the 22BET sportsbook yourself and then register your new account with them.

22BET Online

Rules

Once you have registered a new account with 22BET, there will be plenty for you to place wagers on. Each sport has their own set of rules that you need to follow. No one can pretend to know every single rule so it is a good idea to refer to the online rules page to check out anything you're not too sure on. You don't want to risk your money unnecessarily just because you weren't sure about all the rules of a betting site!

Down at the bottom of the page there is a link to the Betting Rules page. This contains a lot of information for each sport covered on the site. The Betting Regulations link is a very good one, lots of details there about everything from Betting Rules to details about bonuses and the casino section of the website. It is well worth a read.

There is also a section that covers responsible gambling. It is packed with information and if you do feel that your gambling is becoming a problem, do not hesitate to access this page.

Types of Bets at 22BET

In line with the growth on the online betting industry in recent years, there has also been a growth in the betting options available on the market. 22BET is a prime example of this, as in addition to a traditional single bet, there are many other sports betting options available to you. This makes betting at this site even more exciting, so register with them now.

An accumulator bet

is a very popular option available at 22BET. This form of betting includes placing bets on a selection of several unrelated events - the return is calculated by multiplying all the corresponding odds of all selections within the accumulator. Be warned, however, if one leg on an accumulator fails, the whole bet is lost. 22BET also offers an Anti-Accumulator option, which is a bit more complicated, and is explained in detail in the Terms and Conditions pages of their website under heading 4.9.

For a more

complex betting experience, 22BET also offers a System Bet, which consists of several accumulators of the same size on a predetermined number of outcomes. For a payout calculation on this kind of bet, the return of all accumulators in a system are added up. As a bet of this kind is detailed and somewhat complicated, it would be wise to test the waters and learn the ropes of a general Accumulator bet before progressing on to this more advanced System Bet.

For a full explanation of the more advanced forms of

betting, visit the General Terms and Conditions page of the site, under section 4. This includes more detailed descriptions of Chain bets, Multibets, Conditional Bets, Lucky Bets and Patent Bets. Once you get to know your way around the online betting world and the site, such bets will undoubtedly be interesting to check out.

In addition, Handicap

Betting is also offered by 22BET a type of betting which takes into account the differences between teams to level the playing field of a match. For example, if Chelsea have a handicap of -2 goals on your bet of choice, the Blues must win by more than two goals for you to win your bet. A similar form of betting which removes the possibility of a draw outcome from a match, called Asian Handicap, is also offered by 22BET.

Ante Post betting, gambling on future events, is also offered by 22BET. Ante

Post events are generally not due to take place for a number of years, an example being a bet on the winner of the 2024 World Cup. A way to test your knowledge on the sport, if you're feeling confident why not give it a try - the odds offered on such bets are often more than generous.

22BET Football Betting

It goes

without saying that football betting has dramatically risen in popularity over the last few years. The growth of this industry has resulted in an increase in the number of different football betting options available on the market.

Between the introduction of

in-play live betting and the availability of betting on an ever increasing number of global competitions, the way in which we bet on football has changed dramatically in the past few years.

This increase in the variety of football bets is without doubt seen

at 22BET as the site offers a wide variety of different markets of football betting.

This allows you not only to place an old-fashioned bet on the winner of the match, but also on a variety of different outcomes that can occur during a game of football. So if you can't decide between the two teams when trying to choose a football winner, always

remember that there are many other ways in which you can try your luck.

Of the many

football bets available at 22BET, some of the most popular are number of goals scored, correct score, first half results, goalscorers - all and more are on offer for you when you want to place your football bet.

You will have the opportunity to bet on all the

major football tournaments with 22BET. Organised by country, you can bet on a wide variety of global leagues and competitions - from the UEFA Europa League, to La Liga and even the Rwanda National League, you will never run out of football opportunities to bet on so register with them today.

22BET Live

Betting

In-play, or live, betting is one of the most recent additions to the sports betting market. No longer do you have to restrict yourself to placing your bets before the beginning of an event, you can now place bets on a match that is live or in play.

After registering with 22BET, you will find that there is never a dull moment in live betting, as the events that unfold live cause the odds offered on a game to increase and decrease. In such a scenario, the odds rise based on the length of time in which two sides remain level, giving you the opportunity to decide whether or not to take these higher odds if you are confident that your team will get a result.

The

opportunity to Cash Out at 22BET adds extra excitement to the live betting experience - we will explain this process in greater detail later in the review. Unfortunately there is not yet a live streaming option in place at 22BET, but as this sports betting site has only been in operation for a couple of years, hopefully they will expand in the coming years and add this service to their site to add more ease to the live betting experience.

22BET
