Roulette Terms for Beginners

Action

The total amount bet over a given session.

All-in

When a player bets their whole pot on one bet.

American Roulette

The most common version of roulette in North, Central and South America. The roulette wheel features an extra green pocket for the double zero (00), and has a higher 'House Edge' (see below) than European Roulette.

Your budget for the roulette session (often in 'credits'). Always play within your limits.

A wager placed anywhere on the numbered portion of the table (see Table Layout).

Block Bet

A bet covering a group of numbers on the roulette wheel (see Orphelins).

Column Bet

A bet on one of the three columns of 12 numbers on the layout. Pays 2 to 1. Similar to a 'Dozen Bet'. Also known as 'Colonne' in French Roulette.

Combination Bet

A bet on two or more numbers on the layout. Pays out less than single number bets, but can increase the player's chances of winning.

Corner Bet

A bet on four numbers in a segment on the layout. Pays 8 to 1. Also known as a 'Square Bet' or 'Quarter Bet', or 'Carre' in French Roulette.

Croupier

French for 'dealer'. The casino employee who oversees the play at live roulette tables – taking bets, spinning the wheel, and paying out winnings.

### Double Zero

However, it's important to note that the house always has an edge in roulette, as with most casino games, to ensure that over time, the casino will make a profit. Outside of a poorly trained or bored dealer spinning the wheel and ball exactly the same, with exactly the same release, Roulette is random.

Place your bet directly on a single number (including the zero). You will win if the ball lands on that number. Split Bet (Pays 17 to 1). Place your bet on the line between any two connected numbers, either horizontally or vertically.

NetEnt's Live Roulette can be played as a European or French variant. Either way, graphical representation of the betting table will occupy the bottom part of the screen, with TV-quality video

positioned above. Camera automatically zooms in while spinning action takes place so that you can easily follow the movement of the ball and see the outcome. One can also activate full screen mode for a more immersive experience. Players are allowed to place bets even while the wheel spins and can see those placed by other participants, just as they would in a brick-and-mortar gambling venue.

#### Automatic Roulette

Live Automatic Roulette is also played with a physical reel but there's no dealer to spin it, while VIP Roulette features high wagering limits suitable for high rollers. Live British Roulette is guaranteed to appeal to UK casino fans since the dealer is a native (British) English speaker and therefore not only easy to communicate with, but also enhancing the impression of playing at land-based UK casino.

#### Blackjack

Live Blackjack, seating 7 people, is your standard Blackjack game where dealer stands on all 17's, player can double down on any two initial cards, and split once. Insurance is offered when the dealer's up card is an Ace. Live Common Draw Blackjack will allow hundreds of players to participate in the game at any time. All else is identical to playing the 7-seat version, except there's only one betting spot at the table which is used by everybody. As you can imagine, not all players will be making the same decisions and while some might choose to draw, you could be opting to stand. It's interesting to see the popularity of each of the options demonstrated by a bar graph shown on right side of the screen. NetEnt's Live Blackjack is also available as a VIP variant with higher betting limits.

Por décadas, una industria ha sostenido al pequeño y remoto pueblo colombiano de Caño Cabra: la cocaína.

Los aldeanos se despiertan temprano casi todas las mañanas para recoger hoja de coca, raspando ramas quebradizas, a veces hasta que les sangran las manos. Después, mezclan las hojas con gasolina y otros productos químicos para fabricar ladrillos blancos de pasta de coca.

Pero en los últimos dos años, algo alarmante ha ocurrido: los narcotraficantes que compran la pasta de coca y la convierten en cocaína han dejado de aparecer. La comida ha escaseado y se ha producido un éxodo a otras regiones de Colombia en busca de trabajo. El pueblo pasó de tener una población de 200 a 40 habitantes.
