The Rules of Online Poker

At our site you'll find all the world's most popular poker games, including Texas Hold'em, Omaha 1 and many more.

How Do You Win?

Typically, the winner of each hand of poker is the player that holds the highest 1 ranked hand when all cards are shown at the end of the hand –known as the 'showdown' – or the 1 player that makes the last uncalled bet, thus winning without needing to reach a showdown. Not sure whether a flush 1 beats a straight? Can't remember how to make a full house? You can find all the information you need to 1 know about hand rankings in the table below (click here for more). The strongest hands are in the top row, 1 running from left to right, with the weakest possible hand being simply a high card.

Getting Started

Poker games typically feature a forced bet, such as the Big Blind and 1 Small Blind in Hold'em and Omaha. These forced bets comprise the starting pot in any given hand of poker, which 1 is the first incentive players have to win the hand. Action arising from the subsequent rounds of betting further increases 1 the size of the pot.

Dealing Cards and Betting Rounds

After any initial cards are dealt, players are usually called upon to 1 act in turn, moving clockwise around the table. Each player can usually take one of the following actions when it 1 is their turn to act:

Check – To check is to decline the opportunity to open the betting. Players can only 1 check when there is no bet during the current round, and the act of checking passes the action clockwise to 1 the next person in the hand. If all active players check, those players remain in the hand and the

round 1 is considered complete.

– To check is to decline the opportunity to open the betting. Players can only check when there is no bet during the current round, and the act of checking passes the action clockwise to the next person in the hand. If all active players check, those players remain in the hand and the round is considered complete. 1 Bet – Players may bet if no other players have bet during the current round. Once a bet has been made, other players must ‘call’ by matching the amount bet, in order to remain in the hand.

– Players may bet if no other players have bet during the current round. Once a bet has been made, other players must ‘call’ by matching the amount bet, in order to remain in the hand. Fold – Players who fold forfeit their cards and cannot win or act again during the current hand. Call – Players who call if other players have bet during the current round; this requires the calling player to match the highest bet made.

– Players can call if other players have bet during the current round; this requires the calling player to match the highest bet made. Raise – Players may raise if other players have bet during the current round; this requires the raising player to match the highest bet made, and then make a greater one. All subsequent players are required to call the raise or raise again (‘re-raise’) to stay in the hand.

Different variants of poker have different betting rounds. Texas Hold’em and Omaha are the two most popular poker games in the world and have identical betting structures, with four rounds of betting known as pre-flop, the flop, the turn and the river. The pre-flop betting round begins as soon as all players have received their hole cards, before any community cards have been dealt; betting on the flop occurs after the first three community cards are dealt; on the turn after the fourth community card; and on the river after the fifth and final community card. On each betting round, betting continues until every player has either matched the bets made or folded (if no bets are made, the round is complete when every player has checked). When the betting round is completed, the next dealing/betting round begins, or the hand is complete. Here’s an example of a Texas Hold’em hand after all the cards have been dealt. As you can see, players may use any of their two hole cards with any of the five community cards to make the best five-card hand they can make - in this case, you can use both your hole cards and three of the shared community cards to make a straight.

Your opponents’ hole cards Community Cards Your hole cards

Showdown

Once the last bet or raise has been called during the final round of betting, a showdown occurs; the remaining active players must show or ‘declare’ their hands, and the player(s) with the best ranking hand(s) win the pot. Players often show their hands in order, rather than all at the same time. Multiple players can share a single pot, with the pot divided in different ways depending on the game rules and how each player’s hand ranks against their opponents.

Betting Limits

Betting limits refer to the amount players may open and raise. Typically, poker games are of the following types; no limit, pot limit or fixed limit.

No Limit – in poker games with a no limit betting structure, each player can bet or raise by any amount up to and including their full stack (the total number of chips they possess at any given time) in any betting round, whenever it is their turn to act.

Pot Limit – in poker games with a pot limit betting structure, each player can bet or raise by any amount up to and including the size of the total pot at that time.

Fixed Limit – in poker games with a fixed limit betting structure, each player can choose to call, bet or raise, but only by a fixed amount. The fixed amount for any given betting round is set in advance.

For No Limit and Pot Limit games, the ‘Stakes’ column in the PokerStars lobby indicates the Small Blind and Big Blind in that game, while for Mixed Games, the Stakes listed in the lobby are the betting amounts for Limit games; in Pot Limit and No Limit rounds, the blinds are usually half of the blinds in limit games.

Taliban Oficiais Asisten a Conferencia de Enviados Globales a Afganistán

Por primera vez, talibanes asistirán a una conferencia de enviados 9 globales a Afganistán, que se lleva a cabo este domingo en Doha, Qatar. La conferencia es parte de un esfuerzo 9 liderado por las Naciones Unidas, conocido como el "proceso de Doha", que tiene como objetivo desarrollar una aproximación unificada para 9 el compromiso internacional con Afganistán.

Lugar Fecha Asistentes

Doha, Qatar 2024-05 Enviados de alrededor de 25 países y organizaciones regionales

Antecedentes

Los talibanes se negaron a 9 asistir a las dos conferencias anteriores, celebradas en septiembre de 2024 y febrero de 2024, ya que se opusieron a 9 la asistencia de grupos de la sociedad civil

afgana. Esta es la primera vez que los talibanes aceptan asistir a una conferencia de este tipo.

Exclusión de Mujeres

La conferencia ha despertado una fuerte polémica debido a la decisión de excluir a las mujeres afganas de las discusiones con los talibanes. Derechos humanos y grupos de mujeres han criticado esta decisión, considerándola una concesión excesiva por parte de la ONU para persuadir a los talibanes a asistir a las conversaciones.

Posición de la ONU

Oficiales de la ONU han defendido su decisión de excluir a las mujeres, afirmando que la cuestión de los derechos de las mujeres se abordará en las conversaciones con los talibanes. Además, han señalado que se reunirán con representantes de la sociedad civil afgana antes y después de las conversaciones con los talibanes.

Reacciones de Activistas Afganas

Muchas mujeres afganas han instado a los activistas invitados a asistir a las conversaciones paralelas en Doha a boicotear las discusiones en protesta.

Controversia y Tensiones

La conferencia ha puesto de manifiesto las tensiones dentro de Occidente sobre cómo tratar con el nuevo gobierno afgano. Algunos grupos abogan por aislar a los talibanes mediante medidas como sanciones, mientras que otros prefieren el diálogo con la esperanza de que esto conduzca a cambios en las políticas más controvertidas de los talibanes hacia las mujeres.
